

## Part #2:

<http://earthquake.usgs.gov/learn/faq/?categoryID=11>

7. What is the biggest earthquake ever (name the country) ? \_\_\_\_\_
8. What year did it occur? \_\_\_\_\_
9. List three facts about this earthquake.
  - a. \_\_\_\_\_
  - b. \_\_\_\_\_
  - c. \_\_\_\_\_
10. Which states in the United States have the most earthquakes? \_\_\_\_\_ and \_\_\_\_\_
11. For the first state, when did the largest earthquake occur and what was its magnitude? \_\_\_\_\_  
\_\_\_\_\_
12. For the first state, was the earthquake the only thing that caused property damage and loss of life? If not, what else occurred? \_\_\_\_\_
13. For the second state, when did the largest earthquake occur and what was its magnitude? \_\_\_\_\_  
\_\_\_\_\_
14. For the second state, where did the earthquake occur and how much displacement was observed?  
\_\_\_\_\_
15. What are the top ten (10) earthquakes in the history of the United States? (Place a star next to those that have a magnitude of 8.0 or more.

1.	6.
2.	7.
3.	8.
4.	9.
5.	10.

16. What are the top five most destructive earthquakes in the world?

EQ Location	Magnitude	Were there any EQ-related deaths?
1.		
2.		
3.		
4.		
5.
